

Premium Industrial and Safety Tools

AVAILABLE IN STOCK FOR IMMEDIATE DELIVERY

The defense industry has a growing need for special solutions in industrial tools: explosion-safe alloys, special sizes, custom developments to cope with increasingly confined spaces; and in particular, to provide control systems to cope with FOD (Foreign Object Damage).

NON-SPARKING

The widest range of certified industrial hand tools for working in explosive environments due to the presence of gases or dust.

The entire range is available in both Copper-Beryllium and Aluminum-Bronze. We also manufacture products in Brass, Copper and Acetilex®.

Industrial tools with BAM certificate, German laboratory accredited by the EU.

TOOL CONTROL SYSTEM

EGA Master offers as a solution an exclusive and personalized tool control system avoiding deviation or loss of them.

Choose the required tools and EGA Master will design and manufacture the necessary set, fully customized, with bicolor trays that perfectly adapt to the tools and allow you to view the missing tool.

*Possibility to install EGAware, the tool control software specifically developed for this application, and to engrave the end user logo.

ANTIDROP®

The widest range of industrial tools to work safely at heights.

Innovative heat-shrink system that allows adapting any of our tools.

The system complies with DROPS guidelines.

1000V INSULATED

Insulated tools that comply with IEC 60900, each one of the pieces being tested at 10,000V. They are also tested rigorously according to what the norm establishes: adherence test, impact test, flame propagation test and dielectric penetration test.

Wide range of insulated tools (wrenches, pliers, torque wrenches, pincers, socket wrenches...), as well as insulating items (carpets, gloves, ...) ensuring the workers' safety.

DON'T YOU KNOW EGA SOLUTIONS YET? ...

EGA Solutions is the engineering that provides turnkey and customized solutions for Industry 4.0.

It offers indoor and outdoor geolocation solutions, tool management and control systems, custom manufacturing of intelligent workstations and specific solutions for KANBAN warehouses among others.

INDUSTRIAL TOOLS

The widest range of tools and sizes in the market, from the smallest to the biggest ones, including non-standard sizes.

The range includes from hammers and slogging ring wrenches to impact sockets of all sizes.

CONTROLLED TIGHTENING

The widest range of tools for controlled tightening. Advice and customized developments.

The range includes from digital torque wrenches (torque checking QC, mini, interchangeable heads torque wrenches...) analogic torque wrenches (mini, interchangeable heads, preset torque, dial, 1000V insulated torque wrenches...) hydraulic and battery-powered torque wrenches, to torque multipliers and calibration and control tools.

FOAM TRAYS AND TOOLS PERSONALIZATION

We also mark each tool with your logo, company name or workshop name to increase its traceability and reduce costly losses!

For a better tool control.

We personalize the design of each Foam tray for roller cabinets, tool boxes, suitcases or tool sets.

100% personalized and tailor-made!

UNDERWATER USE AQUAMASTER

Hydraulic and pneumatic equipment designed for underwater use and to work at any depth achievable for divers.

The range includes grinders, impact wrenches, drills and saws among others.

WHY DOES THE DEFENSE SECTOR TRUST EGA MASTER?

12
RANGES

THE WIDEST PRODUCT RANGE

We are the only manufacturer that offers a one-stop solution to reduce the administrative and logistic costs of procurement processes.

We manufacture 12 ranges and 25,000 references!

FLEXIBILITY AND PERSONALIZATION

We offer solutions to meet the specific needs of each customer, either by personalizing solutions or manufacturing tools according to the customer requirements.

PREMIUM TOOLS FOR INDUSTRIAL USE

We offer premium quality solutions for industrial use. All our tools include an unlimited lifetime warranty (*).

*Excluding non-sparking tools.

IMMEDIATE AVAILABILITY

Our products are in stock for immediate delivery. We have a 98% availability rate and a 99% on-time delivery rate.

WHAT OUR CUSTOMERS SAY

SUKHOI (RUSSIA)

"Following the results of the tests carried out at the SCAC in Komsomolsk-en-Amur during 2017, it was decided to recommend the EGA Master branded products."

Savchenko O.S.
Deputy Director of the Technical Department

ARMÉE DE L'AIR

**FRENCH AIR FORCE
(DJIBOUTI BASE)**

"EGA Master offers a wide range of high quality tools. Capable of developing custom-made tools, EGA Master has responded quickly to our requests inside and outside the catalogue. Always concerned about customer's opinions in order to meet its expectations."

IVECO DEFENCE (ITALY)

"We always try to work with manufacturers that are able to provide solutions that meet our needs. EGA Master's ability to innovate and provide flexible services is of great value to us."

Renato Modesto
Machinery Responsible Engineer
