

# Premium Industrial and Safety Tools

AVAILABLE IN STOCK FOR IMMEDIATE DELIVERY

The automotive industry has a growing need for special solutions in industrial tools: safe alloys, special sizes, custom developments to cope with increasingly confined spaces, control systems for FOD (Foreign Object Damage) and a wide range of products to reduce suppliers.

## TOOL CONTROL SYSTEM

**EGA Master offers as a solution an exclusive and personalized tool control system avoiding deviation or loss of them.**

Choose the required tools and EGA Master will design and manufacture the necessary set, fully customized, with bicolor trays that perfectly adapt to the tools and allow you to view the missing tool.

\*Possibility to install EGAware, the tool control software specifically developed for this application, and to engrave the end user logo.

## ANTIDROP®

**The widest range of industrial tools to work safely at heights.**

Innovative heat-shrink system that allows adapting any of our tools.

The system complies with  
DROPS guidelines.

## 1000V INSULATED

 **1.000V**  
IEC 60900

**Insulated tools that comply with IEC 60900, each one of the pieces being tested at 10,000V. They are also tested rigorously according to what the norm establishes: adherence test, impact test, flame propagation test and dielectric penetration test.**

Wide range of insulated tools (wrenches, pliers, torque wrenches, pincers, socket wrenches...), as well as insulating items (carpets, gloves, ...) ensuring the workers' safety.

your diptych here:

## DON'T YOU KNOW EGA SOLUTIONS YET? ...

EGA Solutions is the engineering that provides turnkey and customized solutions for Industry 4.0.

It offers indoor and outdoor geolocation solutions, tool management and control systems, custom manufacturing of intelligent workstations and specific solutions for KANBAN warehouses among others.

## NON-SPARKING

**The widest range of certified industrial tools for working in explosive environments due to the presence of gases or dust.**

The entire range is available in both Copper-Beryllium and Aluminum-Bronze. We also manufacture products in Brass, Copper and Acetilex®.

Industrial tools with BAM certificate, German laboratory accredited by the EU.

## INDUSTRIAL TOOL

**The widest range of tools and sizes in the market, from the smallest to the biggest ones, including non-standard sizes.**

The range includes everything from pliers, screwdrivers or combination wrenches, to controlled tightening tools such as digital and analogic torque wrenches, hydraulic and pneumatic tools.

## CONTROLLED TIGHTENING

**The widest range of tools for controlled tightening. Advice and customized developments.**

The range includes from digital torque wrenches (torque checking QC, mini, interchangeable heads torque wrenches...) analogic torque wrenches (mini, interchangeable heads, preset torque, dial, 1000V insulated torque wrenches...) hydraulic and battery-powered torque wrenches, to torque multipliers and calibration and control tools.

## WHY DOES THE AUTOMOTIVE SECTOR TRUST EGA MASTER?

12  
GAMAS

### THE WIDEST PRODUCT RANGE

We are the only manufacturer that offers a one-stop solution to reduce the administrative and logistic costs of procurement processes.

We manufacture 12 ranges and 25,000 references!

### FLEXIBILITY AND PERSONALIZATION

We offer solutions to meet the specific needs of each customer, either by personalizing solutions or manufacturing tools according to the customer requirements.

### PREMIUM TOOLS FOR INDUSTRIAL USE

We offer premium quality solutions for industrial use. All our tools include an unlimited lifetime warranty (\*).

\*Excluding non-sparking tools.

### IMMEDIATE AVAILABILITY

Our products are in stock for immediate delivery. We have a 98% availability rate and a 99% on-time delivery rate.

# PROVEN EXPERIENCE

## MASERATI

ITALY

### ✓ Scope:

- Customized tools with company's logo
- Technical advice
- Wide range of products available for immediate delivery

## DUCATI

ITALY

### ✓ Scope:

- Manufacturing of custom-made preset torque wrenches
- Premium tools for industrial use
- One-Stop solution

## STELLANTIS

STELLANTIS

### ✓ Scope:

- Manufacturing of a customized 1000V insulated tools set for testing the new 100% electric car: FIAT EV

## RENAULT

FRANCE

### ✓ Scope:

- Development of a tool set of 1000V insulated tools for their electric cars
- Technical advice
- Immediate delivery

## VOLKSWAGEN

SPAIN

### ✓ Scope:

- Custom-made design of a machine to reduce up to 60% the downtime for exchangers maintenance
- Technical advice
- Immediate delivery

## WHAT OUR CUSTOMERS SAY

### VOLKSWAGEN (MEXICO)

"EGA Master's service is fast and effective. We believe that in EGA Master we have a supplier we can trust to find solutions to our needs"

**Edmundo Homero Cacho**  
Engineer

### MERCEDES-BENZ (MALAYSIA)

"EGA Master is a trusted supplier that offers us the best service in the industry. We see EGA Master as a key partner for us going forward."

**Chantramohan Suparmaniam**  
Production Manager

### GENERAL MOTORS (MEXICO)

"We trusted EGA Master for the purchase of mechanical tools and the delivery time was satisfactory and on time. Our staff is working very comfortable with the tool. It has met our standards and we highly recommend it."

**Luis Mata**  
Maintenance coordinator

### RENAULT (PORTUGAL)

"In EGA Master, I have found tools that meet the safety requirements of maintenance professionals: Appropriate tools for our needs, short delivery times and technical support, are three important factors for a close partnership in the development of new solutions. That's what I found with EGA Master."

**Pedro Amorim**  
Industrial Maintenance Technician

**EGA Master**
